"Why should I feel so worn out?"

Does the slightest effort leave you utterly exhausted?

After a day at the office, an afternoon of shopping or even an hour's work about the house are you so dead tired that when you sit down you feel as if you could never get up again?

Are you slowly giving way under the strain of *beginning* each day tired? If you are, take warning in time; fatigue is wrecking your health.

One big factor in producing fatigue is the constant pounding of your hard leather heels on a still harder pavement.

With every step you take, you are needlessly draining away your nervous force.

Make this change and note the instant relief

Begin today to save your strength by taking this needless strain off your spine. Put soft, springy O'Sullivan's Heels on your shoes—notice the difference they make. They eliminate the daily jolts and jars that sap your energy. They give relief at once.

Have your shoes fitted with O'Sullivan's Heels and save the strength you have been wasting.

O'Sullivan's Heels are guaranteed to outlast any other heels. They will last three times as long as leather heels, and will give uniformly satisfactory service to the very last.

Because of our special process, O'Sullivan's Heels combine the greatest durability with the greatest resiliency. They are made of perfect heel material.

Buy your new shoes O'Sullivanized. Good dealers sell the latest style shoes with O'Sullivan's heels already attached. Have O'Sullivan's put on all your shoes today.

In black, white or tan; for men, women and children. Insist on O'Sullivan's—avoid the disappointment of substitutes.
