The Best Way to use Rouge

The specialist who created the wonderful La-may Face Powder has invented a new rouge. The rouge is inside the puff. All you do is to rub the puff on your face. It comes through the puff just as you need it. It goes on splendidly and stays on the face until you wash it off. The puff is in a dainty metal box. The box cannot break and the rouge will not crumble like the old-fashioned kind. This newly invented rouge is called La-may (French, Rouge L'Amé). It gives a beautiful color that looks natural under the strongest light. There are two colors—medium and dark. The fifty-cent package will last six months, yet the box is small enough to fit your purse. When you use this pure, harmless Rouge and see how much more convenient

it is and how much better it stays on, you will understand why thousands of women say it is the best they have ever used. Because La-may Rouge is so new, your dealer may not have it yet, but he can easily get it. Show this notice to your dealer and if he refuses to get you a package you may order by mail from Herbert Roystone, 16 E. 18th St., New York.

The Rouge Is Inside the Puff. The Dainty Metal Box Cannot Break.
