Theroz Mess Kit

The Pocket Kitchen

THE Theroz Mess Kit is an efficient little kitchen that gives you all the delights of outdoor eating and all the comforts of home—hot food and coffee—any time—anywhere—on land or water—and in less time than it takes to start a fire.

The Kit, made entirely of aluminum, consists of nine separate parts; bottom, which holds burner for fuel; ventilated support for boiler or fryer; two boilers; a warmer, which also acts as a frying-pan or serves as a plate; a coffee-cup; a combination spoon, cleverly designed to act as a handle for the frying-pan and to open can of Theroz Fuel Cubes; the burner for Fuel Cubes; a can of twenty cubes, and a sturdy strap that holds the nested Kit for travel.

A Stop on the Road

and the Kit is instantly set up for full, triple-decker action and hot pork and beans, creamed potatoes, or soup, and freshly made coffee are ready in just seven minutes—and it takes just two Theroz Fuel Cubes in the burner to cook this square meal.

A "twist of the wrist" lifts the top, sets aside the boilers, and places the frying-pan over the flame—the bacon or ham is sizzling instantly and your picnic de luxe is ready to serve.

The Theroz Mess Kit eliminates touring by schedule—there's no making extra miles to inn or hotel. It's twice the fun, twice the benefit and at half the price.

Theroz Fuel Cubes

for use in conjunction with the Theroz Mess Kit, furnish the one safe fuel to use on motor-boats. Theroz Fuel Cubes cannot go liquid while burning, cannot upset and spill, cannot explode. Made by an absolutely new and patented process that converts a liquid into a solid cube—not a paste. Theroz is the quickest, safest, hottest, most efficient emergency fuel known.

Visiting with Your Favorite Artists

"I've also been particularly interested in having you out to spend the week-end with us, so that you might hear our Ampico. Your love of music makes me feel sure that the Ampico will delight you, as it has us.

"No, the Ampico is not the accepted idea of the player piano. It is not the foot-pumped instrument, with limited musical expression. It is far more—the Ampico is a Reproducing Piano that repeats the art of great pianists, exactly as they play!

"Why, after one concert in Boston, Philip Hale, the famous critic, considered the reproduction of Buhlig's playing more beautiful in tone and bravura than the preceding performance by the pianist. In other words, when Mr. Buhlig made the record he was 'more in the vein.'

"The Ampico reproduces the pianist at his best. Since we have had our Ampico my home has been filled with pleasures I hadn't dreamed possible. When you have heard it you will not be many days without one. To you, as to us, 'Ampico' will mean musical perfection."

IN your own home you may have music such as this. Music for you, your family and your friends, that it would cost thousands to duplicate on the concert stage. To your home life the Ampico adds the perfecting touch of exquisite music.

HOTEL BELLECLAIRE

NEW YORK

Broadway at 77th St. Surface Cars at Door Subway at 79th St.

Only a few minutes from the Shopping and Theatrical District.

Good goods are done up in small packages. The Hotel Belleclaire is a small hotel. It has only 300 rooms. It leases only a few suites by the season or the year. It cannot afford to give up too many rooms for permanent guests because of the large number of friends in all sections of the country who expect us to entertain them while they are in New York. We must divide our hospitality fairly.

The Belleclaire, thank fortune, has made a good reputation as a home hotel where genuine hospitality is dispensed regularly. We are not cordial to a few people only. Anybody worthy to be entertained by the Belleclaire gets full measure of good cheer all of the time. It is smile, smile, all the while. Also good service and good eating all the while. Only a few suites remain to be leased by the season or the year.
