Dear Mrs and Mr Rasheb,

thank you very much for your kind letter and your beautiful invitation.

I am hard learning english and please excuse me if I can't find the right words.

I hope that I'll be able to came to Egypt in november 1970. My plan is: first time I stay here for six months. Namely I have a very high blood pressure and we have to see if I can work under your climat at all. I am working in the transcriptions and I hope you will be satisfied with my work. God helps me I think.

Thank you for the beautiful records too (and my congratulations!) but you are right: I do not have the first four records. It is very kind of you having asked me about them.

Now, I am preparing the journey to you. As soon as I have all the necessary documents I'll inform you about the time of my arrival in Cairo. I hope october will be O.K.

Best wishes to you and Mrs Noftah

Yours

Margaret.
