## THE MODEL ORGAN METHOD.

By Geo. F. Root.  
A new book for the Home Organ, the most successful of all writers for that instrument. Mr. Root considered that although his first book, *The Organist's Companion*, was intended to aid and embody the advanced ideas he wanted, and the Model Organ Method is the result.  
The work strikes one as symmetrical and complete. Beginning at the very beginning, it leads, by almost imperceptible degrees of increase in difficulty and by means of really beautiful music, to such attainments as qualify one for playing tastefully and well, church music accompaniment and organ solos of an agility, and to begin, if desirable, the study of the large pipe organ. Such a course commences *before the beginner* is filled with a *reasonable collection of music*—thoroughly practicable for players of the usual attainments, the *right leads for church use*, and always attractive musically. The songs of the book will be found up to the standard in other departments; the typography is fine, and altogether its purchasers feel justified in calling unusual attention to the work.  
Price, 50 cents. Per dozen, \$5.00

## THE JOY.

Root, and is filled with that writer's *spiritful and most melodious* glees and quartets, and in every department are Mr. Bliss' most characteristic and interesting compositions. Among the more advanced pieces are found several of *Members' best part songs*, a brilliant arrangement from *Lifebook* and compositions by *Chas. W. Whittier, Mottet, and others*. *Try it by the fireside! Try it in the singing society! Try it in the choir!*  
Price, single, .75 cts. Price, per dozen, \$7.50

## SUNSHINE FOR SUNDAY SCHOOLS.

Close to the musical and religious needs of the Sunday School. *Great variety, deep feeling, intense melody*. A novelty for every Christian worker. *Try and sing these songs, wear out!* for the family worship and prayer-meeting. A few pages of practice and pieces suitable for Sunday sermon and concert occasions.  
*Oh, my Sunday School bright! The Sunshine will make it brighter. Is it dull? The Sunshine will enliven it. Is it cold? Sunshine is warm. Is it dark? Sunshine is light.*  
The author of this work is not only a musician, but the Superintendent of one of the largest Sunday schools in Chicago, and is eminently qualified to make an appropriate and popular book. *More to follow. That will be Heaven for us. Hold the Fort, and many such favorites* are in the *Sunshine*.
