EXCLUSIVE TO RONA BARRETT FOR WEDNESDAY A.M., FEB. 18, 1981

CARDIOLOGISTS TO  
HONOR DANNY KAYE

Entertainer Danny Kaye will receive the Convocation Medal of the American College of Cardiology and deliver the Convocation Address at the 30th Annual Scientific Session of the College, scheduled for the week of March 15 in San Francisco.

Presentation of the award, along with awards to six outstanding physicians, will be made Wednesday evening, March 18.

Kaye, who is 1981 Crusade Chairman for the American Cancer Society, has maintained a life-long interest in medicine, has been a frequent operating room observer at a number of hospitals and once diagnosed his own case of appendicitis while flying from Los Angeles to New York. Piloting his own plane, he landed instead at Rochester, Minn., and was operated at the Mayo Clinic the following morning.
