Dear Stu:

I took a long time, but we finally got around to it!

Unfortunately, I don't think we'll have time to play golf, but I certainly would like to spend some time with you.

I'm looking forward to seeing you at the concert.

Have a happy and healthy New Year.

All the best,

The Honorable Stuart Symington
United States Senate
Washington, D. C.

P.S. If my memory serves me correctly, my dear Stuart, you took from me at Burning Tree -- not me from you.
