Mr. Danny Kaye  
1103 Sanysidrow  
Beverly Hills, California 90210

Dear Danny:

Your show last Saturday evening was terrific! Syracuse has never had a performance to equal it.

Thirty-six of our employees (Industrial Fabricating Corporation), with wives or friends, were in attendance, including blue collar, clerical and supervisory personnel. Many of them have spoken to me about the show -

"greatest show ever seen"  
"wonderful show"  
"great thrill to be there"

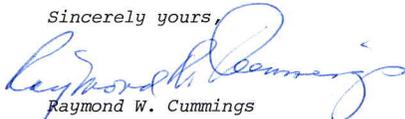

Many had never been inside the hall. Many had never heard the Symphony before.

We shall always be grateful for your tremendous contribution which made possible our financial success, and for giving us an evening which we shall always remember.

The gold-plated swatter and bee was packed and shipped yesterday. It was made by two employees in our shop, and plated under the personal supervision of an employee of the plating shop. The box was handmade by an employee of the box company. The card was designed and made by an artist from Fay's Drugs.

Again, our thanks and appreciation for your generosity and the gift of your energy and talent.

Sincerely yours,

  
Raymond W. Cummings  
President

/k

*P.S. Your comments to the audience near the close of the show were much appreciated and will help to advance the cause of the Symphony in the future -  
Steve*
