

OFFICE OF
THE DIRECTOR

UNITED STATES INFORMATION AGENCY
WASHINGTON

July 25, 1963

Dear Danny,

Henry Rogers wrote me about your trip. We had, of course, read cable reports and news stories about your successes with Russian children and adults but it was good to have a fuller story.

The facts confirm what I was sure would be the welcome reactions on the part of Soviet citizens to the Danny Kaye type of "Americanism. "

This is a short but heartfelt note of appreciation for what you did for all of us. You gave generously of your time and talents, and this country reaps the reward. These are personal thanks, but they also express the sentiments of all of us who know what you did in the USSR and realize how much you accomplished.

Sincerely,

Edward R. Murrow
