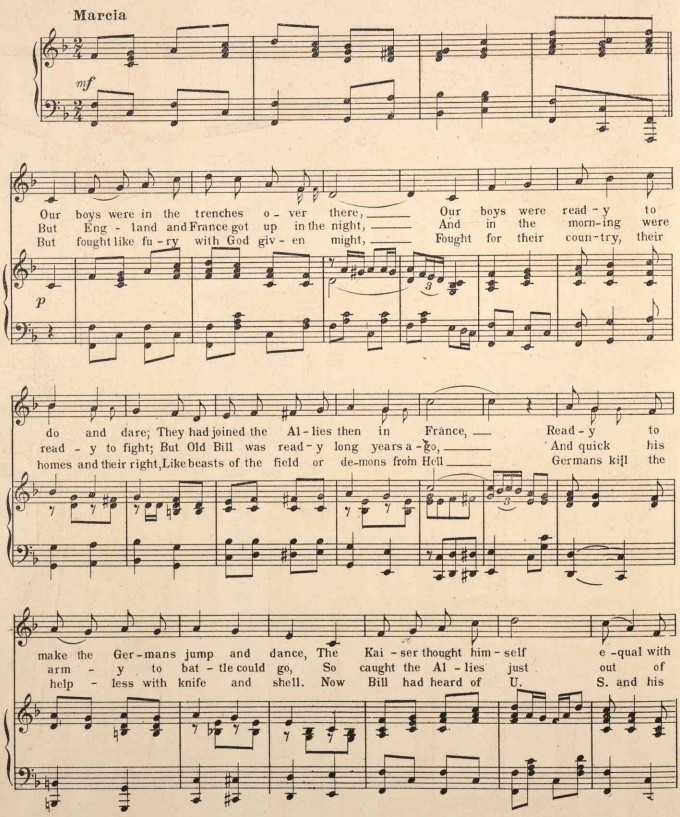
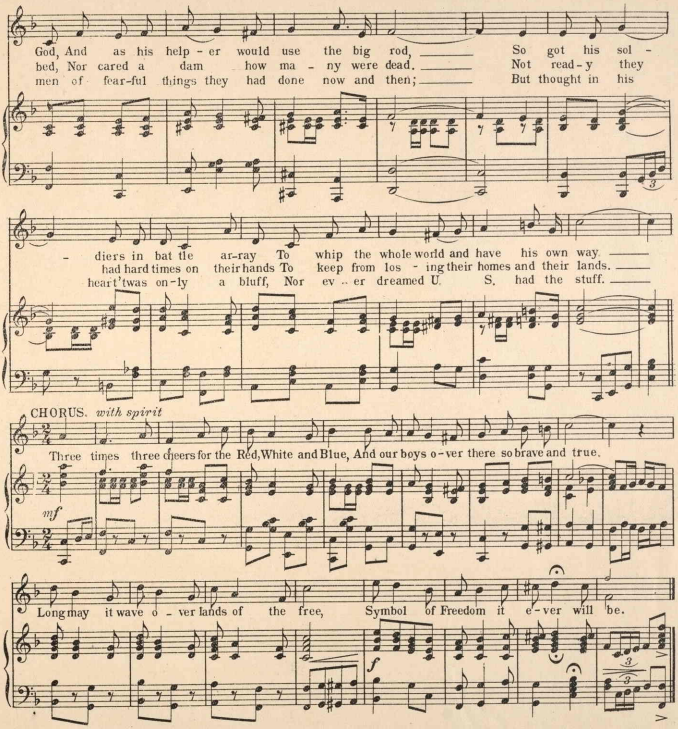
Our Boys Were in the Trenches Over There

JAMES N. MILLS



Copyright MCMXIX by James N. Mills.



At last U. S. got his fighting duds out,
Guess I will now take a hand in this bout;
Then our boys in the trenches over there
Met the Germans with a whoop and a tear,
Till ere they knew they were on the retreat,
For our boys had licked them so complete
That they made the Germans bite the dust,
For our boys were there to win or bust.
