flags float in the breeze, For from ad - mir - al to jack - ie they did their

part, And we thank them from the bot - tom of our heart. But all heart.

Brave Beatty sights the German Admirals fleet,
Shows in courage to the world he did not lack,
Drove them back into the ports from which they came
In the famous battle off the Skagger Rack

Our Stars and Stripes unfurled to all the world
Blest by all the world for countless deeds,
And when duty called there were none who could excel
Our soldiers and our sailors on the seas
