There's a Mother at Home Who is Waiting.

1st verse

Far away across the sea is her only boy
Fighting for his Uncle Sam and rights we should enjoy
He left her just a year ago, and nearly broke her heart
But today she's glad to say my boy is doing his part.

Chorus

There's a Mother at home who is waiting and praying for her soldier boy
And she's longing and thinking about him and writing a message of joy
Now remember all Jackies and Sammies the mother you left feeling blue
Who is waiting and longing for her boy and will welcome a letter from you.

2nd verse

Over here a mother dear gives a helping hand
Making comforts while our boys are fighting for their land
She does her part with all her heart and works from morn till night
Sacrificing many things she helps to win the the great fight.
