Andante marcato

"If You're Patriotic" By J. C. Staples.

1

If you're patriotic, why, don't brag all the day;
But shoulder a musket, and march on the way;
Don't be a slacker, and show a white flag!
But shoulder a musket, and march off with pride!

CHORUS.

So, if you're patriotic, then but a little bond;
Twill help our Uncle Sammie, across the great big pond;
Where brave men they are marching, and fighting on their way;
To free a free country from old Germany!

2

If you're patriotic, we'll know it by your signs
Our brave men bear muskets, while others bear signs;
Signs on their autos, and signs on their coats;
While brave men are marching, through hell fire, and smoke.
