"Wake Up,America!" By Alfred.E. Woodrow.

1

Come,wake up,America--your time has come!
Hark!list to the call and the beat of the drum;
Old Glory's a sight to the Allies that please;
So lift up your Banner to wave in the breeze!
Your spirits are glorious,your efforts are one;
Come,wake up America!help beat the Hun.

2

Come,wake up.America!unsheath thy sword!
Injustice you never would let or afford;
United we stand and divided we fall;
Your brave men they surely will answer the call;
So,wake up,America--banners lift high!
With Allies we'll win;;Victory is the cry!

3

You've woke up.America! always have been;
For your fighting spirit it reigneth supreme;
We hail you,we love you;we're proud of you,too;
You Flag it is honored all under theblue;
We'll stand side by side,and together we'll guide,
You've woke up.America,come what betide.
