"The Yankee Doodle Two Step" By S.H.Morrison.

Oh, so early in the Spring, when the birds begin to sing,
And the German boys are crying for their noodles;
Then the Yankee boys in France they will make the Boches dance,
To a twostep to the tune of "Yankee Doodle";
When our boys go O'er the top, then we know they'll never stop;
Tho the battle it may be so fierce and gory;
When they go into the fray they are going in to stay,
Until Vic'try perches proudly on Old Glory;

CHORUS.

Hurrah for our Army boys and for the Boys in Blue!
With gallant Yankee officers to lead them;
They'll bring Freedom to the world, while our Banners are unfurled,
They are fighting for Democracy and Freedom;
And when they homeward come, to the sound of fife and drum;
Then they will tell to us the story;
Of how they cleared the land of the Kaiser and His band--
While vict'ry perched triumphant on Old Glory.

2

Then that too fresh Kaiser chap, always ready for a scrap,
He'll be ever kind and peaceful as a poodle,
When he makes a quick home run, and the Boches they have done,
That swift two step to the tune of "Yankee Doodle";
Then the world will be at peace, and war will forever cease;
There will be no more war lore, so aged and hoary;
And our boys will homeward come to the sound of fife and drum,
After Vict'ry's proudly perced upon Old Glory.
