Yes! But America's A Grand Old Place!

Words and Music

Emma E. Burgess

How our boys are coming back from the
 How that war is over how long
 or there. To their dear old hearts it's
 each day To hear her boys on the
 and our boys as they still wear the old Red White and Blue too
 She'll be sad and lonely and praying night and day
 As the trains port near we hear them say,
 But now in fancy she can hear him say!

Yes! but America's a grand old place. Praying bout A.
 America is on its grace three big cheers for the land as
 true it is! hif! humph! for the Old Red White and Blue We surely
 had that time beat a mile. Go we had it on them for a
 long long while. Every time we try we always win the race
 Yes! but America a Grand Old Place.
