OVER THE TOP

1st verse

Uncle Sam is a fighting man  
And he's taken off his coat.  
Now he's on the run -  
Out to lick the Hun.  
Training fighters and sending them  
Far away across the sea,  
To fight for him.  
To fight and win  
And free Democracy.

2nd verse

Now the Yankees are on their way  
With their planes and tanks and guns  
Ready for the Huns:  
Bullets by the tons.  
Dodging divers or sinking them  
With their aces on the wing.  
The time is near  
When over here  
We'll all begin to sing.

3rd verse

Gas and shrapnel or bomb and shell  
Cannot turn us from the foe.  
When we start to go,  
Bill will have no show.  
English Tommy and French Poilu  
Will be there to lend a hand.  
To blaze the way  
And win the day  
We're crossing No Man's Land.

4th verse

Boys in France you will have a chance  
At old William and his crew.  
You know what to do.  
Take the colors thru.  
Let the Germans know who you are  
And bring back old Bill's moustache.  
At Pershing's sign  
Hop into line  
For a big offensive smash.

chorus or refrain

Over the top we're goin' to ramble  
With a half a million strong.  
Yankee boys with the Yankee pep  
And a Yankee Doodle song.  
Taking our Flag, the old Red, White and Blue,  
We'll show the Kaiser a trick or two.  
With a hop - no stop - we're going over the top.
