"Save a little cheer for the Soldiers left here."

1st Verse

I heard a young Soldier saying
What glory is there here for me
I'm one of the lads who did not get across
to fight for old Liberty
Altho I have n't seen service
over on the other side
It was n't my fault I was ready to go
to uphold America's pride

Chorus.

So lets save a cheer for the soldiers left here
who were never given the chance
to get in the fray and fight night and day
like some of our boys boys over in France
the lads who went over are heros thats true
and they deserve all the credit they get from you
but lets save a cheer for the soldiers left here
Who were never given the chance

2nd verse on other side

JAN 16 1919

2nd Verse.

Lets all remember the soldier
who did not get over the top
but had to stay here in the old U. S. A.
and drilled till he almost dropped
for he like a million others
who trained till the very end
were willing to give their young lives for the cause
and the flag they'd love to defend
