# Vogue

\$2\* invested in Vogue will save you \$200

\*a tiny fraction of your loss on one ill-chosen gown  
The gown you buy and never wear is the really expensive gown! Hats, suits, negligees, that just miss being exactly what you want, are the ones that cost more than you can afford.

Why take chances again this season of confusion when simply by sending in the coupon below and paying \$2—an insignificant portion of your loss on a single ill-chosen hat or gown—you can insure the correctness of your whole Spring and Summer wardrobe?

Before spending a single penny on clothes, before even planning your Spring wardrobe, consult Vogue's great Spring fashion numbers. Beginning with the Forecast of Spring Fashions—

—you will receive these 12 numbers of Vogue

## Paris Shows Spring Fashions

The great French couturiers, unmindful of the war that rocks the world around them, are holding their regular Spring openings. All through the season Vogue's splendid staff of Paris correspondents will gather for your benefit everything authoritative and new.

With the great European fashion journals cut off, with all ordinary sources of fashion news interrupted, Vogue has become more clearly than ever before the absolute authority on what is to be worn by the well-dressed American woman.

And remember that Vogue comes not once a month, like the ordinary magazine, but twice each month bringing thereby not only the very latest fashion news, but twice as much of it.

Never has Vogue's unique value been so universally recognized as in the past six months of uncertainty. And this value will approach its very highest point in the next few weeks, when every one is asking, "What shall we wear this Spring?"

To answer this very important question, don't fail to consult Vogue's

## Forecast of Spring Fashions

and the great series of special fashion numbers that follow it.

Read the list of these numbers—given above—and see whether you are willing to do without Vogue another season.

Or, rather, see whether you can afford to do without it—when its cost to you for a whole half year, twelve big numbers—is only the tiny fraction of the loss so often experienced on a single ill-chosen hat or gown.

VOGUE, 443 Fourth Avenue, NEW YORK  
For the \$2.00 enclosed herewith, please send me the twelve numbers of Vogue beginning with the Spring Forecast number, as advertised in this issue. (Please write very plainly.)

**Why Your Nose Looks Shiny and Your Complexion Ugly and Greasy.**

ANSWERS TO BEAUTY QUESTIONS  
By Mlle. Mareix, Famous Paris Beauty, and Winner of Two International Beauty Prizes—Paris...England.

MLLE. MAREIX SAYS:  
"Not one woman in fifty knows how to apply face powder, and not one in three uses the right color."  
"Result, an ugly shiny nose, and slick, greasy looking skin, or a horribly 'made-up' appearance."  
"There is no one face powder that exactly suits every lady's skin—  
—many women never find the right powder."  
"Hence their faces always present a streaked 'blotchy' appearance after the powder has been on a few hours."

With the silk meshed twin French face powders, Poudre Petalilas and Poudre Fascination (six colors) you can obtain an individual face powder suited to every complexion and every texture of skin.

**POUDRE PETALILAS** is a very fine heavy, adhesive powder especially for ladies with shiny noses, enlarged skin pores or a greasy, oily or rough skin.

**POUDRE FASCINATION** is a very fine light, specially adherent powder that is absolutely invisible on the skin. For ladies with soft or delicate skins and those who do not want a powder to show.

Many ladies prefer to blend the above powders by mixing them half and half or in other proportions to obtain an individual powder of their own just to suit their skins.

"They do not clog the skin pores—will not rub off nor blow off, and are guaranteed to contain no 'pearl-white' or other ingredients which are harmful to the skin and complexion."  
"They give a surprisingly beautiful and youthful look to the skin and complexion without the slightest suggestion of a 'made up' appearance."  
"We will send you six packets containing six different colors of face powder—three packets of Poudre Petalilas and three packets of Poudre Fascination, together with a remarkable Course of Instruction in beauty by Mlle. Mareix, for 10 cents, stamps or silver."

"The Mareix Course tells what to do for wrinkles, freckles and marks of age, ugly complexions, a shiny nose, enlarged skin pores; how to whiten, soften and refine the skin, beautify your hands, how to select toilet articles, and how to use them. Contains many valuable beauty secrets and beauty making formulas every woman wants to know."

If you have never tried six different colors of face powder on your face and neck for the purpose of seeing which gave the best result you probably have a great surprise in store for you. Address Tokalon, Dept. 923, A, 20 West 22d St., New York, (enclose 10 cents).
