ADVERTISEMENTS.

3 Kinds of Refrigerators
Take Your Choice!

There are three distinct classes of Refrigerators. Beginning at the bottom, they are:

1. Low Grade—the "bargain sale" kind. Cost little—worth less. Ice consumption enormous, efficiency almost nothing.
2. Medium Grade—pretty to look at—many of them really well built—but all of them lacking the two vital essentials of perfect refrigeration (See 3.)
3. Bohn Siphon—the queen of all Refrigerators, and so acknowledged all over the world. No other Refrigerator is licensed to use the Bohn Siphon System of rapidly circulating pure, cold, dry air. No other Refrigerator is insulated with "Flaxinum," the greatest heat-resisting insulation ever made. Ice consumption small—efficiency 100%—absolutely sanitary.

This illustration shows but little of the real merit of the Bohn—does not show its genuine porcelain-fused-into-steel lining—does not show how it keeps everything cold, clean, and dry.

The car-builders know—practically all the refrigerator cars, fresh meat and fruit express cars, dining cars, etc., in this country today are equipped with the Bohn Siphon Refrigerators. Refrigerators for home use are constructed on exactly the same principle.

Will and see our large line, in both wood and white porcelain casings. Some of the best styles, including the one illustrated above, are now marked at attractive prices. We can sell you a Bohn from \$16 up. If you cannot call, write for our handsome catalogue. We are the mfrs., not middlemen.

WHITE ENAMEL REFRIGERATOR CO.
of New York, 53 West 42d Street.
