Special Midsummer SALE

of High-Grade Refrigerators

At Very Low Prices

It is seldom indeed that the world-famous Bohn Refrigerators are offered by us at any such prices, and this special sale will continue a short time only. It offers an opportunity which might never occur again.

We understand the science of refrigeration. Practically every dining car, fresh meat and fruit express car in the land is equipped with Bohn Refrigerators, because the Bohn System maintains an even, low temperature (40°) of dry, pure, cold air at the smallest ice consumption of any refrigerator ever built.

We invite you to call and inspect our large line (specially priced) of

Bohn "Sanitor" Refrigerators

Their very construction will show you at a glance why they keep food, walls, lining, etc., very dry, very clean, and very cold.

The heat-resisting qualities of the Bohn are remarkable. Its construction is thoroughly substantial in every way. It is built to last a lifetime. The lining is genuine porcelain fused into steel at intense heat; very different from the baked enamel paint sometimes called "porcelain enamel."

Bohn "Sanitor" Refrigerators are made in our own factories. We also make the famous Bohn Syphon Refrigerators, and in the "Sanitor" maintain the same standard of materials and construction. In fact, we guarantee them to be more efficient than any other make except the Bohn Syphon.

Select now, before these special low prices are withdrawn. On a small deposit we will hold your Refrigerator for Fall delivery. If you cannot call, write for our illustrated catalog.

White Enamel Refrigerator Co.
of New York, 53 West 42d Street
