Silhouette Model

DESIGNED to fill Dame Fashion's latest decree. A short corset with the flare design, yet Retaining an ideal Hip and Thigh Control.

Not a confining control, as in the past few years, but a graceful, close line that makes the perfect foundation for a fashionable gown.

The control is also brought into effect in the upper part of the model. It has the incurved waist line and firm support for bust and surplus flesh beneath.

Silhouette Model, \$10.00
Other Models, \$5.00 to \$25.00

Don't let Fatigue Poisoning ruin your health

Are you "dead tired" when you come home at night? Does your head feel dull? Are you losing your grip?

Doctor Mosso, a well-known authority on Fatigue, showed that fatigue creates poisonous substances in our bodies which ruin our health. He proved this by injecting the blood of a tired dog into the blood of a fresh, untired dog; the latter showed a marked increase in the heartbeat and breathing similar to that of the originally fatigued dog.

This experiment should be a warning to those who feel the poisonous effects of exhaustion creeping over them.

Avoid Unnecessary Fatigue

You save the wear and tear on a

heavy automobile by using *shock absorbers* and *rubber tires*. You can save the delicate machinery of your body by wearing rubber heels. They take up the shocks and jars that are wearing you out and poisoning your whole system.

Have a pair of O'Sullivan's Heels of New, Live Rubber put on your shoes. You will feel the difference at once. More vim, less fatigue.

At any shoemaker or dealer; in black, white or tan; for men, women and children. 50c attached.
