BIEN-JOLIE GRECIAN-TRECO The Handmaid of Style and of Health

The modern woman, in her manifold activities, demands a corset adapted to her dancing, her tennis, her riding, her golf, her motoring, even her moments of rest. The miss requires a corset which softly and safely guides the figure into womanly contour.

Corseted Without Realizing It This need is superlatively met by the Bien-Jolie Corsets. The marvelous Grecian-Treco fabric found exclusively in Bien-Jolie Corsets, moves with the body as if it were a part of it, firmly yet gently holding the figure lines, never losing the beautiful contour of the corset itself.

Bien-Jolie Corsets are designed for sizes from 10 to 36. Qualities from \$3.00 to \$40.00. Sold at the finer stores everywhere.

CHATHAM An all-year-round home; 6 rooms and bath; spacious porch. Bossert Redibill Homes "Not Even a Nail to Buy." The Economical Results of Redibill Home construction are surely wonderful, but they are very simple of explanation. To mention just one item: Instead of adding fully 100% for labor to the initial cost—as you must do with any other method—you need add but 5 or 6 per cent. for labor when erecting the complete sections of your Redibill Home. Three unskilled workmen can erect your home within a few days, and the only tool they need is a monkey wrench to lock the bolted sections together. There is not a frame-home built that can possibly be as strong or as weather-resisting as a Redibill Home. The principle of construction is most adequately compared with that of ship-building. Nor need you set any limit to your tastes, preferences or special requirements. The adaptability of the Redibill method is actually unlimited. Our fully illustrated catalog shows the new shingle, stucco and stucco finishes on our bungalows, 1 1/2 and 2-story houses. You'll also find prices and complete details of our unique construction methods. Write for it today. LOUIS BOSSERT & SONS Builders of Bungalows for 25 years. 1319 Grand Street Brooklyn, N. Y.
