Thermos makes resplendent Fifth Avenue's holiday windows

A Combination of Great Things—

New York, a great city.
Fifth Avenue, a great thoroughfare
Thirty-fourth Street and Fifth Avenue, a great shopping center.
B. Altman & Company, a great store, founded by a great man.
Thermos the Bottle, a great invention.

Thermos is the ideal holiday gift and one the recipient will be proud to own, as it is of daily use throughout the seven ages of man. A boon to infants, school kiddies, young folks, travelers, sportsmen, yachtsmen, motorists, home keepers, athletes, invalids and the old folks.

The individuality of the giver is often expressed by the gift. The new line of Thermos carafes and jugs reproduced in Japanese

and Art designs and finishes offers an unusual opportunity to express this individuality. Makes a unique gift that will be long remembered because of its distinctiveness and appreciated for its usefulness.

The Thermos carafes and jugs for home use have developed such a wide popularity and have been found so convenient—yes, even necessary—in the well appointed home that a demand has arisen for art color finishes to match the furnishings of the room. Colors are in soft pastel shades and are available in Garden Red, Pottery Green, Grass Green, Lavender, Rose Du Barry Pink, Romney Blue, Chinese Yellow, Ivory, Mauve, Mahogany, in plain colors or floral garland handpainted decorations; Verde, Statuary Bronze, Butler Silver Plate, Burnished Silver Plate, Etched Hop Vine and Rose Leaf design in gold or silver plate.

For serving chilled water or other beverages, hot or cold, the Thermos Service Sets with carafes or jugs, trays and glasses combine utility with pleasing effect. Thermos Carafe Stands and carriers in stationary and tilting models. Thermos Motor Restaurants—the gift that gladdens the motor enthusiast.

Any motorist, particularly one who has had the sad experience of questionable service and high charges of the roadside inn, will appreciate the gift of a Thermos Motor Restaurant. They are always timely and seasonable and provide all the requirements for an ideal hot or cold away-from-home luncheon.

Thermos is rapidly becoming utilized by every family, rich or poor, and sold by all good stores the round world over.

By reason of the benefits accruing to humanity, the original Thermos products have been awarded the Grand Prize at every International Exposition held since its invention in the year 1906.

the greatest pleasure into your

other instrument can.

This organ is built on the exact
console lines and measurements
of a big pipe organ, yet it is not
much larger than a piano. It is
used extensively by many well-
known organists and has been en-
dorsed by members of the Amer-
ican Guild of Organists. We will
build it to match the finish or
period of your room.
