PRECAUTIONS AGAINST TEUTON CIVILIZATION

The Statue de la Republique, one of the treasures of Paris, in the Place de la Republique, surrounded by sandbags to prevent destruction from aerial attack or long-range bombardment.  
*Press Illustrating Service.*

Parisians now have orders to wall up all cellar openings in order that families who have taken refuge from air raids in cellars may not be suffocated by accompanying gas attacks.  
*International*

The collier Tuckahoe slides into the water just 27 days 2 hours and 43 minutes after work was begun on her keel, a world's record in ship construction.  
*Underwood & Underwood.*

New York's first line of domestic defence paraded on Fifth Avenue, May 11. Mayor Hylan, shown in picture at right, chaperoned them.
