**NATHAN**

Combination-Adjustable  
**FOOT ARCH**  
Flexible--Cushioned--No-Metal

**Cause of Most Foot Troubles** Most foot troubles result from disarranged bones due to weakened ligaments or muscles causing pain and discomfort which frequently affect the calf, knee, thigh, hip or back. The disarranged bones also cause calloused spots.

**Nathan Foot Arch Corrects These Conditions** The "Nathan" Combination Foot Arch comfortably lifts the disarranged bones of the main arch and the forward or metatarsal arch into normal position, the pressure of strain is immediately relieved and pain, discomfort and calluses disappear. They relieve the strain, yet their degree of flexibility allows the muscles to exercise and grow strong.

**Endorsed by Leading Physicians** Endorsed by leading physicians and chiropodists because "Nathan" Arch Supports are the nearest approach to Nature's Foot Arch in flexibility and strength that science has ever devised. Used by thousands of satisfied patrons for the past sixteen years.
