ITS from thirty to forty-five that a man becomes so dependent upon the comforts of home—hot shaving water on the dot, and his coffee "just so." That's why the middle-ager misses home more than the younger man.

When your soldier starts away to camp be sure he has a Theroz Mess Kit. It turns out hot shaving water in a jiffy, cooks or heats the good things from home and makes a cup of delicious coffee any time in just seven minutes.

Uncle Sam's Army is the best fed Army in the world, but men and boys who are training—living in the open—hiking and using their muscles as they never used them before, are always getting hungry—always ready for extra "eats."

The THEROZ MESS KIT has a full meal ready in about ten minutes—it boils, heats, fries and steams.

Just the thing for your motor car or boat

The quickest, most economical way to light-housekeep and to cook breakfast, luncheon or dinner at the table, or for the rarebit after the theatre or card game.

THE Viburnums are all handsome shrubs. They are attractive in flower and exceedingly showy in fruit; but, what is more important than either, their continuously healthy foliage is very handsome. If you want a bulk of foliage to serve as a wall of green to shut off the street or screen the kitchen, laundry yard or garage, make a liberal use of Viburnum. Arrowwood is particularly good for mass planting; it is bushy and symmetrical, and will grow 8 to 10 feet high. Other large shrubs that we recommend for screen effects are Mock Orange, Deutzia, Chinese Christmas tree, Dogwood, Tartarian Maple and Golden Bell. Our catalogue pictures some, and describes them all. Send for it—select some for immediate planting—we guarantee successful growth—and we will give you all the advice you need. A little time and a little money will give you a wealth of beauty!
