RECIPE

2 eggs
2 cups water
1/2 cup KRYSTALAK
1/2 teaspoon salt
1/2 cup shredded coconut
3 tablespoons sugar

How Often Do You Make Coconut Pie?

Do you know that in these days of high food prices coconut custard pie is one of the most nourishing desserts you can serve? Try a coconut pie according to this recipe—the result will tickle the palate of every member of your family.

KRYSTALAK

Pure, clean, nourishing, separated milk in crystal form

Every housewife should have a package of KRYSTALAK handy for cooking. A 50 cent package of Krystalak makes five quarts of cooking milk, thus saving several cents a day. Krystalak is more economical than any other milk for cooking. You can make the milk in a minute, whenever you need it, and in just the quantity needed. You never need to worry about the milk having spoiled or running out of milk just before a meal. Krystalak is more convenient than bottled milk. It costs less to ship these dry crystals from our plants than to deliver bottled milk daily.

Get a copy of our free cook book from your grocer—or any of the stores listed below.

At all good stores in New York and suburbs, if your grocer does not carry Krystalak he can easily secure it from his jobber.

How to Use Krystalak

Dissolve four level tablespoonsful of Krystalak in one cup of water. (Always one part Krystalak to four parts water.). Add the water slowly, stir well, and these dry, flaky crystals dissolve immediately.
