A Vacuum Bottle that will not break

It is made of steel and is the only guaranteed vacuum bottle

OFF for a picnic! Out for a day in the woods!

That's when your steaming hot coffee—your iced lemonade—depends on a vacuum bottle.

Perhaps you have experienced the annoyance and expense of broken glass vacuum bottles.

To-day you can buy a vacuum bottle which will never break under any conditions and which will keep liquids hot or cold.

It is the Stanley Ferrostat Vacuum Bottle, built of steel and

lined with unbreakable blue Amalite.

Its initial cost is naturally a little higher than that of the glass vacuum bottle, but in the end it is the cheapest, for there are no glass containers to buy.

Buy a Stanley Ferrostat Vacuum Bottle, sold in all the better stores, and have the satisfaction of using the only vacuum bottle that will not break.

Stanley Insulating Company, Great Barrington, Mass. New York Office: 43 Exchange Place.

Carried by all overseas fliers

The Stanley was the only vacuum bottle carried by the United States Navy plane NC-4 in its flight across the Atlantic. Hawker carried the Stanley Ferrostat on his spectacular flight.

STANLEY
"IT WILL FERROSTAT NOT BREAK"
VACUUM BOTTLE

Should it fall off the table or from an upstairs window, it will not break.

Go on with the picnic. If the Stanley falls on a rock it will not break, because it is made of steel.

Comfort?

Here you'll find it

BERTEX
REG. U. S. PAT. OFF.
