Sloan's Liniment The World's KEEP IT HANDY

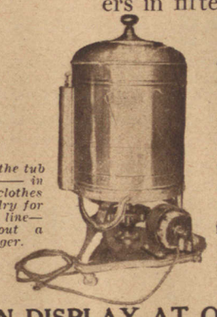
The only WASHING MACHINE that WASHES and DRIES without a wringer.

Washing by the Vacuum Cup process—15 minutes does a wash.

Turn a handle, the tub revolves and —— in one minute the clothes are dry for the line—without a wringer.

ANY good washing machine will wash clothes but the Laun-dry-ette alone *dries* them without the use of a wringer. You can now wash without ruining your hands.

It washes the sheerest, daintiest silk, linen or lace garments or the heaviest blankets, woolens and comforters in fifteen minutes and dries them in one minute.



The Whirlpool Electric Dish Washer. All Copper

Washes — Cleans — Sterilizes — Dries — Prevents Breakage—Cleans Itself.

What the Whirlpool Saves:

No handling of dishes saves time. Can be moved from room to room.

The Laun-dry-ette washes by the vacuum cup process, the most effective method known. It dries by the centrifugal process, the clothes being literally whirled dry without a wrinkle, making them easier to iron.
