MYERS LOADING MACHINE CO. MANUFACTURERS OF POWER LOADING MACHINES GENERAL OFFICES FACTORY TELEPHONE RIDGWAY, PA. 840 ELLICOTT SQUARE SENECA 3347 BUFFALO, N. Y. April 15, 1912. Messrs. Mauro, Cameron, Lewis & Massie, 700 10th Street, N.W., Washington, D.C. Gentlemen:

In re Interference No. 34455

I had hoped to be able to file my preliminary statement in the above interference within the time set by the Office, but owing to the fact that much of the material connected with my case is not in the City, I find I shall not be able to do so. I would therefore request that you consent to an extension of the time now set and enclose herewith a stipulation to that effect, which if agreeable to you, I will ask you to sign and file in the Office. I enclose an extra copy for your files.

Thanking you in advance for this courtesy, I remain Yours very truly, George Francis Myers. Ausd. 4/16/12.
