PAX : LETCHWORTH

Nov. 5 : 1932

—

My dear Mr. Moffat,

I find that the only "outside" bills (on the account I recovered from Mr. Whitwell) are these three :—

1. Miss Hart (for printing at Cambridge) — 1. 14. 6 :
2. Mr. Massey (organist) — 2. 0. 0 :
(Cambridge & London)
3. Printing green Booklets, & London Cards — 5. 4. 0 :
(Messrs. Wardman)

If it will be really helpful to you, I will try & get separate

receipts for these 3 items;
though if not necessary I
would prefer not to be obliged
to open up negotiations with
the people concerned, just now.
So please let us know by
return. (Miss H. has left
Cambridge & I do not know
her address: Mr. Macoy is
no longer working with us:
& Wardman's bill is all mixed
up with my own exhibition
printing accounts & it would
mean looking it all up in their

books.)

If I come out as we have arranged, the boat I would like to come by is a cheap tourist boat of the P. & O. that leaves Marseilles on Dec. 3rd; & as I ought not to lose a single day in applying for a berth, can you wire the £20 as soon as you receive this letter? Otherwise I may be obliged to make different plans; & this

is now the third winter, (after two previous winters when our hopes & plans all failed;) that I have been, as it were, suspended, (up to now,) as to any definite operations on behalf of the Mission. It is difficult! Much hoping that all is now going well, & with kindest wishes,

Yours, in Him,

Ernest Newlandsmith

P.S. The remainder of the total amount on my recent receipt, was for personal expenses, travelling, postage etc., & for the Press Cuttings. E.N.
