

HOW HOW HOW

How how how how how do you do boys?

How how how do you do

Everything is kosher

With Kaye and Durocher

We hope to hear the same from you-hoo-hoo-hoo

To see see see see see all your faces

Really makes us feel so awfully grand

I see a face from Montana

A face from Savannah

From Staten, Manhattan, and even Havana

But

Is anybody here from Brooklyn

Yeah

Well give the little boys a hand

Don't mean a finger

Give the little boys

We said the little boys

We mean the little boys

You know the little boys

Give the boys a great big hand
