Dear Mr. Danny Kaye:

I have just heard the record, which you so kindly and generously have sent, to be used on our annual commeration of Hans Christian Andersen's birthday.

It is beautiful- I believe the most beautiful ever said or written about Hans Christian Andersen-- at least I have never heard or read anything equal to it.

Sincerely yours

Alma Dahlerup.

It may interest you to know that a tape of your record will go over to Eva Le Gallienne, who is to speak on April 2, on H.C.A. in Denmark. for her to present it to Hans Christian Andersens Forening in Copenhagen.
