Mr. Danny Kaye,
c/o Canadian National Exhibition,
Exhibition Grounds,
TORONTO, Ontario.

Dear Sir:

The Toronto Star wishes to thank you sincerely for your kind co-operation in starting the 19th Toronto Star Lake Ontario Dog Swimming Derby on Labour Day, September 1st. Your presence on the starting barge added a great deal to the public's enjoyment of the event.

We were happy to know that we were able to show you something that is unique on the North American continent - a dog swimming race. This has been running since 1933. An interesting feature of the competitions is that whereas German Shepherd dogs used to dominate the meet, labrador retrievers are coming to the fore in ever increasing numbers. This year the first, second and third winners in a few events were all labrador retrievers.

Again, thank you for your co-operation.

Yours very truly,

TORONTO STAR LIMITED
