My dear Miss Fine:

Your name will forever be inscribed in the hearts of our service men and women overseas for helping make possible the special 90-minute Christmas Spectacular on film which carries to them the expressions of a grateful nation wherever they are, on land or on sea.

This is in the finest tradition of public service by all elements of America's great entertainment industry, which has always cooperated so unselfishly and effectively in the USO program of stimulating the highest morale in our armed forces in every climate of the world where aggression lurks.

On behalf of the USO Board of Governors, I want to express our gratitude to you personally for helping to brighten Christmas for the thousands of G.I.s who must be away from their homes in defense of the nation. It is hoped that your own holiday will be a little warmer for you as a result. I am enclosing a Certificate of Appreciation which represents a memento of our Board of Governor's gratitude for your contribution to this project.

Again, our sincere thanks for your most welcome assistance in helping USO to better serve our armed forces wherever they go.

Sincerely,

Holgar J. Johnson  
President
