Office of the Mayor
City Hall
Chicago, Illinois

Dear Mr. Kaye:

It is indeed a pleasure to be writing you with the encouragement of Mr. Earl Bush, Head of Public Relations in the office of the Mayor of Chicago.

He has explained to me that you might be sympathetic to the idea of coming to Chicago for a concert with the Chicago Symphony Orchestra for the benefit of this organization's supporting fund. This project would be in cooperation with the Mayor's Committee on Economic and Cultural Development to help offset the expense of lengthening the season of the symphony. You may be sure that we will offer every cooperation to help you realize the same high standard of performance you continually achieve.

I might just mention in conclusion the joy you brought New York, the Philharmonic and Maestro Mitropoulos back in 1958 when I first joined that orchestra.

It would indeed be a pleasure and privilege for me as well as for this Association if you were to agree to offer the same fare to our Chicago public.

Sincerely,

SE:rhc
