Mr. Danny Kaye  
1103 San Ysidro Drive  
Beverly Hills, California

Dear Danny:

As I leave the White House Conference there is much I would like to say to you but time does not permit. Just to thank you for your wonderful support would fail to recognize the tremendous roles played by many members of the National Committee. But the lily needs no gilding.

From start to finish the National Committee was of great help to the staff. The boundless praise that came our way during the Conference might have turned our heads were it not for the fact that so many members of the National Committee were deserving of the real credit. I shall always remember the friendships made and the help so freely given, and I sincerely hope that the Conference had its rewards for you as well.

The enclosed memo to the Finance Committee brings you up-to-date on our fiscal picture. We have a continuing source of income in the sale of Conference publications. We are still negotiating with publishers to produce a book based on the photo exhibit. The photo exhibit is going to be showing in New York during July and in Washington, we hope, during August. Our album of phonograph records will be ready for distribution in another few weeks. The Conference Recommendations are out. The Proceedings is "in the works." The National Committee for Children and Youth, the follow-up instrument recommended by the President's National Committee is getting down to the business of developing long-range follow-up plans. In this connection, Danny Kaye promised me that he would complete the film history of the White House Conference for follow-up use and seven cans of film already have been made by the Westinghouse Broadcasting Company as a public service.

There is much more I would like to tell you but June 30th is almost here and I am scheduled to leave on a short holiday and then "something else." But wherever I go I shall never forget your help in making the Golden Anniversary Conference one to be remembered.

Sincerely,

*Ephraim R. Gomberg*
