Dear Danno:

From Bonnie and me, heartiest congratulations on your great job at the John Ford Tribute. You were a total joy! And, knowing you and your work as intimately as I do, I sensed the fine hand of Danny Kaye in the overall beautiful and totally professional production of the evening (quite apart from your own wonderful performance). BRAVO, BRAVO, BRAVO!!

Warmest embraces from Bonnie and me to you and Sylvo.

Much love always,

JOHNNY
