Dear Danny:

Well, the great evening has come and gone but the praises of Montrealers keep flowing in to me in huge quantities.

You were fabulous in every conceivable way.

Not only did you render a monumental service to the Symphony but you also made an awful lot of people very happy.

We will shortly know what the net take was and I will keep you informed.

Suffice it to say that the people of Montreal as well as Sandra and I and the Symphony send you our love and our deepest appreciation for what you did.

Warmest regards.

Sincerely,

Mr. Danny Kaye
