Dear Mr. Kaye:

The chairman of the anti-subversive commission of the Cook County Council of the American Legion, Department of Illinois, has introduced a resolution against the UNICEF Halloween fund collection. In debate on this resolution, he referred to you rather vaguely as a friend of Communist elements. We have deferred action on the resolution, but I would appreciate any material you can supply me to use when debate is resumed.

Thank you, and keep up the good work.

Sincerely,

Arnie Matanky
Commander
