Dear Harold,

Thank you for your kind note and the greetings from Paris.

I have just about completed, at long last, a very late Koussevitzky commission which Munch will perform in Boston December 22nd. It is called "Die Natali* - chorale preludes for Christmas." As you know, the Koussevitzky commissions automatically come to you so I do not suppose I could consider this my own donation for this year. Or perhaps I could. Please clarify this to me.

With kindest regards.

Sincerely yours,

Samuel Barber
