The Flag Song.

Flag of our country, it waves o'er land and sea;
Emblem of freedom, of righteous liberty.
Flag of our country, it leads us on the way
Where freemen meet foemen, and end oppression's sway.

'Tis our Flag, the free Flag, its honor tried and true;
Liberty! Equality!
The Red, the White, the Blue.

Flag of our country, within thy strong embrace,
With just rights and full rights it knows no alien race.
Flag of our Fathers, and when the trumpets call,
We'll fly to the colors. The Flag shall never fall!

'Tis our Flag, the free Flag, its honor tried and true;
Liberty! Equality!
The Red, the White, the Blue.

Flag of our country, in friendship for the world,
It brings only Freedom where'er it is unfurled.
Flag of our Union, for thee we dare and die.
God keep Old Glory forever floating high!

'Tis our Flag, the free Flag, its honor tried and true;
Liberty! Equality!
The Red, the White, the Blue.
