LIBERTY STATUE IS LOOKING RIGHT AT YOU

Music by  
Chas. R. McCarron &  
Carey Morgan

(While You're Fighting Over There)

1

Remember soldier boy, when you're far away,  
The girl you left behind in old New York Bay,  
Think of Miss Liberty  
Gazing across the sea,  
She's waiting anxiously for Victory.

Chorus

Liberty Statue is looking right at you,  
While you're fighting Over There,  
Just like a mother she's guiding each brother,  
With her light shining bright in the air,  
When dark clouds lower, don't you feel blue,  
Buck up and show her what you can do,  
Liberty Statue says "Here's looking at you"  
You're not overlooked Over There.

2

Remember soldier boy, where ever you are,  
Her lamp of Freedom shines for you like a star,  
Is she downhearted? NO.  
She knows you'll beat the foe,  
Liberty's all aglow, she loves you so.
