When The Last Shot is Fired
There will be Victory for the U.S.A.

Our boys are across the sea
Fighting for you and me
And daily we hope and pray
That they'l bring back victory
Sweethearts do not worry
Mothers do not sigh
Our boys will return bye and bye

Refrain

With Washington and Lincoln we fought
for freedom and liberty
And now with Mister Wilson again we're in the fight
for democracy
Our boys are brave and true
And they're mighty happy too
To give their lives for the Red, White and Blue
We've always fought and won
For our colors would not run
When the last shot is fired there will be victory
for the U.S.A.

2nd Verse

While our boys are over there
We must all do our share
So just do your little bit
There is something you can spare
When the war is over let the boys all say
That you helped them in every way.
