ORGANIZATION TO PUT OVER UNITED WAR WORK DRIVE

Department Heads Named for Big Campaign Next Month.

Organization of the forces that will put over the United war work campaign in Muskogee is well under way, and a mighty drive for the fund which opens on November 11, is now being made. Already the quotas have been reached, but the active-wide fortunes optimists will not be permitted to interfere with the campaign, plans for which have in the making for weeks.

Muskogee county's quota of the $170,000,000 fund to be raised in this district is not yet positively fixed, but will probably be about $125,000.

Appeals are Merged

The campaign organization by execs has work organizations, which was merged their appeal by funds at the Liberty loan drives, and the Red Cross activities are: Y. M. C. A., Y. W. C. A., Knights of Columbus, Salvation Army, Jewish Welfare Board, War Camp Community Service and American Library association. These seven organizations, through duplication of appeals, solicitation and collection, have been called the United War Work fund. The extent to the honor, however, determines for its honors hours, which will be announced by the local committee, for no workers must work too constantly at home and the campaign must be put over quickly. Those organizations to meet promptly everything the active doors, except the Red Cross, which will not open for business until November 15. Plans are under direct supervision of President Wilson, secretary Newton D. Baker and the war department.

Local Committee

The Muskogee war-time organization, as formed to date, is as follows:

Executive committee—Dabb B. Parker.

City chairman—D. N. Hurt.

Publicity committee chairman—Mrs. Tom Dunlap.

Executive committee—Knights of Columbus, Rev. Tom Hines; Y. M. C. A., H. D. Gibson; War Camp Community Service, Mrs. Lee Cruce; Jewish Welfare Board, Isaac Rubin; Salvation Army, Adolph Geczy; American Library association, Miss Ida V. Moffett; Y. W. C. A., Mrs. L. E. Gaty.

SHOW AUSTRIAN CRUELTY.

Washington, Oct. 21.—Austrian cruelty to prisoners of war will be shown on an "exhibition" to be held in Washington, D. C., November 11 to 18, inclusive, it was announced today.

WITH NEXT YEAR'S MONTHS

Dr. T. F. Willard, Jr., Muskogee, Okla.

Dear Sir: Please send me a bottle of Willard's White Liniment. I have used it for years and find it the best liniment I have ever used. Please send me a bottle with my next year's months.

Yours truly, Mrs. Ella Hall.

In the letter from Oklahoma during the month of October, Mrs. Hall sent a check for $1.00 to pay for the liniment. Other, who are having daily welfare with the liniment, are sending in their orders.

Dr. Willard's White Liniment is prescribed by a letter to Make It M. Mate, Muskogee, Okla., and it will be sent by return. Prepaid. Marshal Guaranteed.

The first sent will be selected from the 15-to-30-year-old men who registered September 12, 1918. The drawing will begin at 8 a. m. on the 15th day of November at the 5th situation will prevail.

RUSTIC COTTAGES ERECTED BY HUNS AROUND ST. MIHIEL

Had Planned to Remain There When Trails Ousted Them.

(By C. C. LYON.)

St. Mihiel Front, Oct. 21.—The last bon thing to stop over the German heel and scurry around to see what they had left behind in the way of loot was the rustic cottages which they had erected around from more than a year's occupation of the St. Mihiel salient.

The very first thing that impressed us when we arrived in the vicinity of the war-ridden city was the number of these cottages that attempted to make the landscape look like a Swiss valley scene.

Made Rustic Cottages.

Instead of doing a permanent stunt, they had stripped the forests and constructed these rustic cottages of logs and bark. Many of the cottages had evidently been painted on the walls.

The cottages had the appearance of having been built in accordance with a definite plan. Each one was surrounded by a high wall of logs covered with bark, and in some instances, a row of grenades or mortar shells mounted on concrete emplacements were erected, and climbed over by the ivy which had been planted by the kultur-loving Germans for that particular purpose.

Many of the cottages were roofed with tin or tar paper, but all seemed to be ready to desert. One day I came to a cottage which had a roof constructed of spindle shingles which have been cut to a point.

Many of these signs anywhere in the world, but they were all over the place. Thousands of all the cuts were evidently made by the Germans, as the signs were written in German.

Instead of notice there was a page from a German newspaper, which was evidently being used as a scrap book.

Many of the signs had clues and the latter and other pictures of the German army chiefs. An American salvage officer, who was accompanying us, picked up a few of the pictures and the last issue of each, he said, to get over to the United States. The Germans had left behind them a large supply of ammunition, which was destroyed.

5,000 MEN TO BE CALLED WITHIN NEXT TWO MONTHS

(By The Associated Press.)

Washington, Oct. 21.—Approximately 5,000 men will be called to the colors from Oklahoma during the next two months, it was said at the office of Governor Robertson, of Oklahoma, when we were being told neither the exact number nor the exact time.

The men will be selected from the 21-to-31-year-old men who registered September 12, 1918. The drawing will begin at 8 a. m. on the 15th day of November at the 5th situation will prevail.

How's Your Spark?

No spark is just as bad as *no gas.*

And a weak—uncertain—fitful spark is worse than the poorest grade of fuel.

You're particular about your gas—why not about your spark.

If you aren't getting the red hot sort of spark that makes your motor hum, you ought to come in and ask us *Why.*

We can tell you some interesting things about batteries, and that remarkable insulation—Threaded Rubber. There are facts worth studying in the new booklet "A Mark with a Meaning for You." Ask for a copy.

For The Home Of U. S. A. — Marshall

Words and Music by Lieut. Jack Norworth

For the sons of U. S. A. and those who lead the way, In the months that are to come they are going to be heard,

Let our pride be in the boys, For we know they're true, So when we shout three cheers for the red, white and blue,

Our brothers and our sons must learn to march in line, For they must help to keep our country free and fine,

Chorus—

Hail, hail to the stars and stripes, Hail, hail to the boys in blue, Hail, hail to the red, white and blue, And the dear land we cherish true.

Hurrah, hurrah, we join in a song of victory, Hurrah, hurrah, we celebrate the day we set them free,

Lads for left your fields ever right, Our

cause is just and freedom shall not die, Hundreds

of brave lads with heart and might and main, Shout-

ing the battle cry of free-dom, With

pride you lads now with you heart and soul to-day,

Cheering strong to help you win the day, Hurrah, hurrah, we

sing our duty done when freedom wins, Hurrah, hurrah, hurrah.

FLU WORSE THAN BLUEST LAWS TO CLOSE UP TOWN

The blues bliss law that Pontius Pilate and Muskogee's city commission has been trying to enforce on Sundays in fight and the epidemic of influenza.

With picture shows closed for three consecutive Sundays, and with the Frisco, Katy and Missouri Pacific depots open every hour, it would seem that the blues would be banished from the city, but people are really getting acquainted with each other.

Long people have found themselves in the same car, and have had to talk to each other, and in the case of the Frisco depot, the only public gathering place open, people have had to talk to each other. Sunday was the only time possible when the weather permits people to get together, and they have been compelled to while away the restless hours.

Instead of suffer there was a gasp of relief when Sunday came, and the blues were taking advantage of the opportunity to get out and get acquainted and come to the conclusion that the nearness to ordinary there has been a mistake.

Many people have spent the time in becoming acquainted with the town and with each other, and many have known the luxury of sitting down to a meal with the family for the first time in years.

THE MUSKOGEE TIMES-DEMOCRAT

Published every morning except Monday by the Times-Democrat Publishing Company, 109 South Second street, Muskogee, Oklahoma.

Entered at the postoffice at Muskogee, Oklahoma, as second class matter under act of Congress, March 3, 1879.

Subscription rates: By carrier, 15 cents per week; by mail, $6.00 per year.

Foreign representatives: Payne-Burns Newspapers, Inc., Brunswick building, New York; Lytton building, Chicago.

MANY NOTIFIED TO SEE LABOR BOARD

Notices have been sent out to the men on the community labor board to be present at the office of the board in the Severs building Monday morning at 10 o'clock, when the board will meet to consider the wage scale.

The notices were mailed out today by members of the union department of the chamber of commerce, who have been working hard on the matter.

ELABORATE PLANS ARE MADE FOR AFTER-WAR AIR ROUTES

London, October 21, A. M.—(By the Associated Press.)—Elaborate plans for the establishment of commercial aerial express service already being made by the British air ministry.

Sir Frederick Sykes, controller general of civil aviation, has been appointed director general. Lords will be appointed to assist him in the various departments of the service. The first step is to send clear up to and clean up the air channels.

Sir Frederick Sykes will send during the daytime and 6 clocks up at dusk. The air ministry has also under consideration the question of what machines may be delivered by truck at their destination. The London to Paris route will, traveling from London to Paris, be the first to be established. Then will come the routes to Belgium, Italy, Switzerland and other countries.

TESTING HEAVY ARTILLERY AT PROVING FIELD

Every Gun Tried Out Here Before It's Sent Over.

(By T. J. JONESTOWN.)

(Chased by Shells Behind Battery.)

Aberdeen Proving Ground, Aberdeen, Md., Oct. 21.—Every gun that is shipped to France for the use of the army must have had witnessed a shifting test at the Aberdeen proving ground, and every officer and gun mechanic must within reach of the sound of the guns.

Nothing else overseas is the way to test the guns that are to be used in the war. Every gun that is shipped abroad by the government must have been proving ground and have been fired by a gun mechanic from the factory. Then it is taken apart and shipped to the port of embarkation, where it is put together again and fired by the gun mechanic who put it together at the factory.

Aberdeen proving ground is not through by the gun mechanic who put it together at
