By K. Meyerink

1st Verse

Maiden fair
Golden hair
Rests in her lovers arms
And always he will pray
Everyday

And as he goes for'ds the sea
He tenderly sings this melody

Chorus

Good-Bye my little Girlie
Just dry your eyes and please don't cry
And there'll be oft times in the bright
silvery moonlight
I'll dream of you dear and see your smile
Like the stars above in heaven
And when this war is over
I will come back true to you
So kiss me Good Bye Girlie
And say you'll miss me as I miss you
