HERE'S TO OUR SOLDIER BOYS

Here's to the boys of the windswept North,
As they march o'er the fields of France
May the spirit of Grant be with them there,
As they face the battle's chance.

And here's to the boys of the Sunny South,
As they meet on the fields of France
May the spirit of Lee be with them there
As Freedom's cause they enhance.

So heres to the Blue and heres to the Gray,
As side by side they advance
May the spirit of God watch o'er them all
As they fight for the right in France.
