VOICE

We all have friends who start-ed when this war was de-

TILL READY

When Wash-ing-ton the first war won, long, long time a-

p

clared, With their guns, to get the Huns, they said they weren't a-scared; They

go, He won then, be-cause his men were up and on the go; With

turn'd the trick so ver-y quick, it was not such a long, long while, For they

bat-tle-cry and a lit-tle sigh, they'll do it o-ver and a-gain They went

nev-er were slack, now they're all com-ing back, and wear-ing a vic-to-ry smile.

o-ver the top, they could nev-er be stopped, they must be the same kind of men.

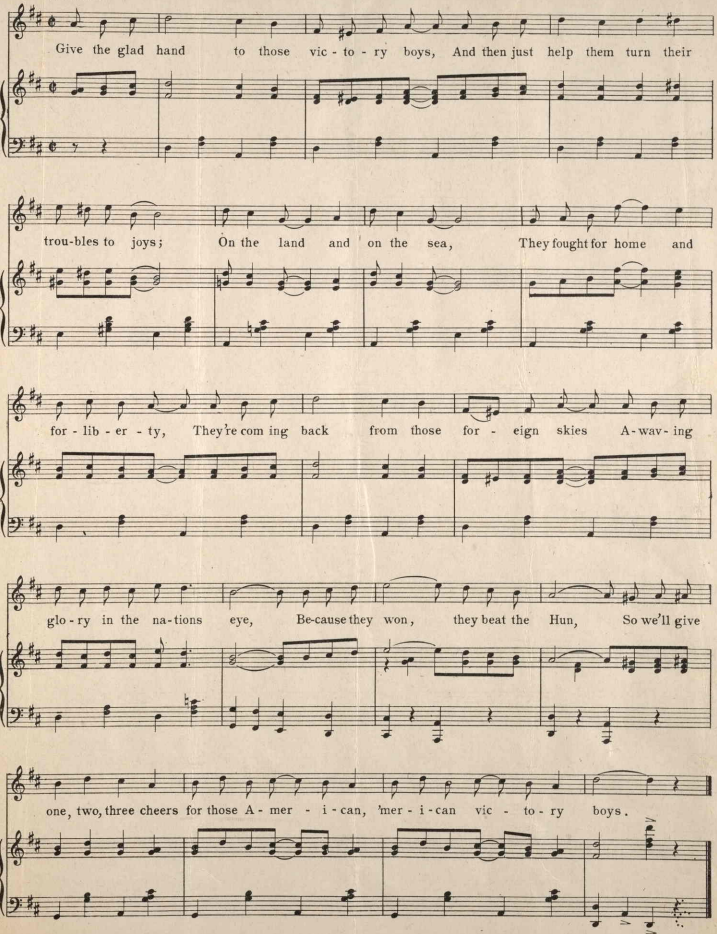
CHORUS



Give the glad hand to those vic - to - ry boys, And then just help them turn their
trou-bles to joys; On the land and on the sea, They fought for home and
for - lib - er - ty, They're com ing back from those for - eign skies A-wav- ing
glo-ry in the na-tions eye, Be-cause they won, they beat the Hun, So we'll give
one, two, three cheers for those A - mer - i - can, 'mer - i - can vic - to - ry boys.
