When our ships sail o'er the o - cean — All at peace with ev - er land.
When Old Glo - ry waves in splen-dor — Ov - er land and ov - er sea.

mf

And Old Glo - ry waves in splen-dor — O'er a na-tion proud and grand;
When the gal - lant sons of free-dom — Come a-gain to you and me;

When we meet and greet our he - roes — From the land a-cross the foam,
Then we'll hon - or them as he - roes — On that great tri-umph-ant day.

Then each heart will beat in rap-ture — As we wel-come them back home.
And the flag that stands for free-dom — In the dust will nev-er lay.
